

4th AISCMP Meeting

LJUBLJANA, SLOVENIA
MAY 20-22, 2010

Alpe Adria Medical Physics Conference

Last Call for Papers and Participation

Dear colleagues, dear friends,

It is our privilege to invite you to take part in the 4th Austrian, Italian, Slovenian and Croatian Medical Physics Meeting – 4th AISCMP 2010 Meeting in Ljubljana, under the auspices of EFOMP.

It was in the year 2002 in Ljubljana during the EFOMP Council meeting when we agreed that there was a need to strengthen our professional and personal relationship within the region in order to raise our knowledge in the exciting field of medical physics. Biennial conferences started in 2004 in Udine, continued in 2006 in Opatija and 2008 in Graz. Success of these meetings gives us courage to assure that also this meeting in Ljubljana will be a successful one – however, in order to be so your input is essential.

The importance of medical physics in diagnostics, nuclear medicine and radiotherapy is growing every day. Sophisticated techniques and new developments demand a profound knowledge in various fields of medical physics. Our explicit commitment should always be to spread this knowledge and share it with colleagues all over Europe and to ensure that all borders are open to medical physics now. That is why we intend to invite not only colleagues from the four countries mentioned, but our friends from other countries as well.

We will put all our effort into bringing together a competitive technical exhibition, a wide range of high level papers and posters and a great social program.

Join us in May 2010 in Ljubljana and let's make together a memorable and successful conference!

Topics of the Meeting:

Oral and poster presentations should be related to:

- / Nuclear Medicine
- / Radiation Imaging
- / Radiation Protection
- / Radiation Therapy.

Submission Procedure:

Abstracts must be submitted online in the conference website.
Abstracts should have between 200 and 400 words and at most 2 images. Tables, pictures and formulas should be uploaded as images.
Submission of new versions of an abstract is possible until the deadline. Abstracts will be published as last submitted version.

Important Dates:

Deadline for abstract submissions: February 19, 2010.
Notification of acceptance: March 1, 2010.
Deadline for early registration: March 19, 2010.
Special price accommodation: March 31, 2010.
Conference dates: May 20-22, 2010.

Address of Contact:

E-mail: info@aiscmp2010.com
